Read the passage from a tourist guide about Brazil and mark the sentences *yes* or *no*.

DAIBHAL DO DIA

Rio has nice temperatures for most of the year but in the summer (end of November to March) it can get very hot, and temperatures of 35 °C or more are quite common. If you are going at this time of year, take light clothes and lots of sun block. Sunglasses and a sunhat are extremely important. It's also a good idea to take sun block if you are visiting during the winter and if you plan to spend time sunbathing on the beach. Winters are usually warm during the day but it can get quite cold at night. Take some warm clothes. In Brazil you pay with the real and you will need to change money when you arrive. Be careful when using a credit card because credit card fraud is common in Rio. There are lots of great things to buy in Brazil, and the European tourist won't find it expensive. For wonderful examples of Brazilian arts and crafts you should visit the Hippy Fair in Ipanema. This outdoor market is very popular with tourists. Unfortunately, it is only open on Sundays. Ask at your hotel for more information.
